CASCARA COFFEE CHERRY TEA

**Roast**

### **Fruity. Invigorating. Caroma Cascara.**

Cascara bottled in a glass bottle is the ideal companion for anyone who likes to keep things simple: open and enjoy! Perfect for a natural energy boost on the go, at the gym or in the office. Caroma Organic Cascara impresses with its unique flavour and will win over tea drinkers and coffee lovers alike. Flavour: Cascara, also known as coffee cherry tea, is a drink made from the dried husks of coffee cherries. The flavour is described as fruity and sweet, with notes of sultanas, dried fruit and a slight spiciness. Caroma's organic coffee cherry tea is best enjoyed chilled with ice cubes. Cascara also invites you to make creative mixed drinks! Try a sparkling Cascara Spritz, mixed with mineral water and a splash of lemon. Or enjoy a sweet Cascara Iced Latte, flavoured with plant-based milk and a dash of maple syrup. For something a little more unusual, a cascara mojito can be made by combining it with mint, lime and a little rum. These variations are easy to prepare and open up new flavour experiences. Caroma Organic Cascara: simply enjoy it cold!
